

## **Membership and Storage 2008**

### **Membership**

TWC is a not-for-profit association dedicated to safe, friendly and enjoyable windsurfing for all members. Our focus is to promote and facilitate recreational and competitive windsurfing from beginners to seasoned sailors.

TWC membership is a privilege and therefore the TWC BoD may refuse membership or may terminate a membership for anyone who deemed by the board to be a negative influence or destructive to the goals of the club.

The introduction of a 'Student Fee' for full time students 25 yrs and under has been introduced. All other fees have remained the same. A full time student is a person who is enrolled in a full time secondary school or post secondary program.

### **Storage**    *Please Label Your Equipment*

There are 280 storage slots for the storage of member's personal windsurfing equipment. This is the maximum number allowed by our lease agreement with the city.

The all year storage of equipment begins at the beginning of the season on May 1<sup>st</sup> and expires on April 30<sup>th</sup> of the following year.

Any equipment remaining in an unpaid storage slot after April 30<sup>th</sup> may be removed as per the agreement on the membership/storage application.

Storage fees are not refundable but a slot that is no longer needed may be sold to another member upon approval of the Membership/Storage Coordinator.

Security is the responsibility of all renters, so please make sure the your trailer is locked.

Insurance, if desired, is the responsibility of the individual member.

It is the intent of TWC that storage slots are made available for the use of members storing their personal equipment only. We hope that this equipment, if no longer wanted, will be sold or donated to others. At no time, however, are the slots to be used to store equipment being sold as part of a business venture. TWC has no objection to equipment being bought and sold, however, due to the limited number storage spaces, storage must be for personal use only.
